

BE-WM-C

COLD WATER METER

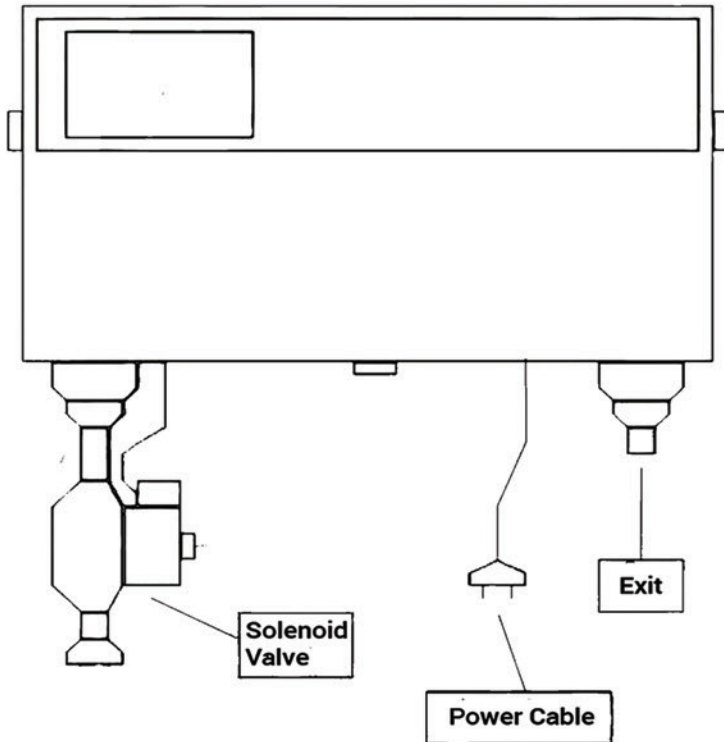

COLD WATER METER

BEcom's water meter allows you to put the specific amount of water you need to help you make perfect dough every time. Its digital control panel will let you measure from 0.1 to 99.9 liters and give an exact reading of water temperature. It will help you get the dough consistency you need for consistently uniform products.

FEATURES

- Easy to use
- Metric digital panel
- Volume measurement accuracy in terms of preset value
- $\pm 2\%$ with water flow rates from 2 l/min to 25 l/min
- Water temperature reading range from 32° F to 214° F (0° C to 99.5° C)

| MODEL | MAX FLOW RATE | WATER PRESSURE | WATER FLOW RATE | WATER INLET | DIMENSIONS | WEIGHT | POWER |
|---------|-----------------------------|----------------|-------------------|-------------|----------------|--------|-----------------------|
